

# JAYANTH T R

AI ENGINEER | AI AGENTS | GENERATIVE AI | Python | LLM

[jayanthtr67@gmail.com](mailto:jayanthtr67@gmail.com) | 9342160653 | Jp Nagar, Bengaluru

[GitHub](#) | [LinkedIn](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

AI Engineer with **1.6 years of experience** building AI applications using **AI Agents, Generative AI, LLMs, RAG, Python, and FastAPI**. Experienced in developing **dynamic tool calling** workflows where LLMs understand user intent and select appropriate tools to complete tasks. Hands-on experience integrating **OpenAI, Google Gemini, and Hugging Face APIs**, prompt engineering, and AI model evaluation. Experienced in developing scalable AI solutions for **business productivity, intelligent document processing, image generation, and event management**, with deployment experience on AWS.

## TECHNICAL SKILLS

|                                |                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>AI &amp; AI Agents</b>      | : AI Agents, Tool Calling, Function Calling, Generative AI, LLMs, RAG, Prompt Engineering, AI Chatbots, Image Generation |
| <b>AI Platforms &amp; APIs</b> | : OpenAI API, Google Gemini API, Hugging Face API                                                                        |
| <b>Programming</b>             | : Python, JavaScript                                                                                                     |
| <b>Backend &amp; APIs</b>      | : FastAPI, Node.js, Express.js, REST APIs                                                                                |
| <b>Databases</b>               | : PostgreSQL, MongoDB, ChromaDB                                                                                          |
| <b>Cloud &amp; Tools</b>       | : AWS, Docker, Git, GitHub, Postman                                                                                      |

## PROFESSIONAL EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                        |
